You Can Win Anywhere if You Have
the QUALITY

THE wonderful improvement in Gladioli in recent years has made it the most popular flower in Canada to-day. No flower is easier to grow and surer to bloom in almost any kind of soil.

The demand for good bulbs is greater than the supply. Last year I was unable to fill all the orders I received. **There was a reason "Quality not Quantity."**

All orders will be shipped by express. If by mail add extra for postage.

I give no warranty but exercise the greatest care to send out varieties true to name, strong and healthy.
